In your summer 2010 *Escarpment Views*, in the “Beyond the Garden Gate” section, I was fascinated by the backyard garden photos. This gave me the incentive to redo my very plain layout. After two weeks of effort my friend and I removed sod, picked and added fieldstones and came up with a design with the swing as the centrepiece. I’m sending a photo of the completed results and am very pleased with the results. I truly enjoyed your magazine while in the Toronto, Kitchener area. Where can I get this magazine in the eastern Ontario area (Cornwall)?

Congratulations!!! Is it really *Escarpment Views*’ third Anniversary? Wow, good for you. It is a very informative and good magazine, especially for all of us who live in Escarpment Country. To think that I had the honour of being in your Premier

issue, thanks again for that. You are also doing a great job with your blog. I am reading it faithfully. I think I lapsed my subscription and would like to start again.

I was born and raised in Fort Erie, just up the road from the old Bertie Hall on Robinson Street. It’s been a long time since I’ve lived in Fort Erie, and for the last six years before I moved back to England I lived near Dorset up north a ways... lovely country, miss it a lot, but what I have here is almost as good. Here’s a view from my window, of Blencathra, or Saddleback Mountain, just west of Penrith, northwest Cumbria, England.
