What a great magazine. Thank you so much. I happily renew for 2 years and enclose a cheque in the amount of \$39.50.

I just wanted you both to know how much I enjoy *Niagara Escarpment Views*. It truly is a wonderful magazine and you should both be proud of it. I love every article. It's nice to see all of the gardens & waterfalls in the pictures. It makes me want to explore every place that you show your readers...

Congratulations on a wonderful magazine. I try to pick up a copy whenever I visit the Niagara Escarpment Commission Offices. I have been requested by our Council to see whether the Town of Mono municipal offices could be considered as a site to distribute complimentary copies of your magazine. Our offices are located in Mono Center and within the Niagara Escarpment Plan area. Thank you for consideration of this request.

As you know *Niagara Escarpment Views* is very popular here at the Orangeville Visitors' Information Centre. Just wanted to tell you an interesting story. We had a couple from Pennsylvania drop by to pick up an "Art Walk of Tree Sculptures" map. They were on a road trip through Northern Ontario that brought them on the Bruce Peninsula (via the Chi-Cheemaun) and driving south to Niagara Falls and home. Along the way they picked up a copy of NEV, read the article, "Orangeville's Street Art: Enhancing Community" and decided that they "just had" to check out Orangeville and its tree sculptures. They took our brochure and the magazine home as souvenirs.

We just had a couple in from Acton that read the article in the magazine and decided to drive up and check out the Trees and Town.

Brenda and I were in Canada last month for our anniversary and to attend the Circus Model Builders Gathering at Paris. I was able to secure the current Summer 2017 issue of [*Niagara*] *Escarpment Views*. I thoroughly enjoyed the issue including the Orangeville street art article. The magazine is growing larger with more articles and advertisement. Congratulations! We missed seeing our favorite carousel at St. Catharines on the trip. We were there on June 9th (our 44th anniversary) and the machine was closed because of the lake high water.

Thank you so very much for such a fabulous magazine. The only problem I have is – I miss a lot of these great issues. To avoid this in the future, here is my two year subscription. I also wonder, if you have one copy of this particular magazine left. (see picture). [Spring 2017] Please send it to me...
